

ORION
by stratesys

**Digitization of the
Purchasing Area with
ORION by Stratesys**

At Stratesys we have developed a 'universe' of differentiated and specialized SW products, which we group by '**constellations**', and which respond to the most demanded business requirements, both by the different C-Level management profiles and by their respective business areas.

ORION by Stratesys is our 'constellation' of solutions for the **CPO** (Chief Procurement Officer) and, by extension, for the entire Procurement area.
